## EXHIBIT A

### Conflict of Interest Declaration

A "Conflict of Interest" shall mean the existence or occurrence of any fact or circumstance that could reasonably be expected to, or does, cause the Presentation to be presented in a way that is intended to benefit the Speaker or a third party improperly. Without limiting the foregoing examples of Conflicts of Interest include:

1. The Speaker's or any member of the Speaker's family receiving any amount or any items of value (including free or discounted goods or services, trips, textbooks, etc.) in connection with the Presentation, other than pursuant to the Agreement
2. The Speaker's or a member of the Speaker's family being affiliated with, or having a financial interest in, any organization(s) that may be co-sponsoring a course or that has a financial interest in the subject matter of the Presentation, or
3. The Speaker's or any member of the Speaker's family having a direct or indirect financial interest in any products or services that are discussed or featured in the Presentation.

The intent of this policy is not to prevent the Speaker with an affiliation or financial interest in an organization from making a Presentation. It is rather intended that any such organization shall not benefit from the Presentation, and that any potential Conflict of Interest be identified openly so that MDS and the attendees have full disclosure of such facts and may form their own judgments about the Presentation and whether to attend the Presentation or, in the case of MDS, include the Presentation in the Yankee Dental Congress.
