## **Yankee Dental Congress® 2020 to Feature Innovations and Education for Dental Health Professionals**

*Industry-leading speakers and continuing education opportunities aim to energize passions and inspire advances in the dental field.*

**SOUTHBOROUGH, Mass.—Jan. 6, 2020—**The latest innovations in oral health will be on display at [Yankee Dental Congress® 2020](#) (Yankee) from January 30 – February 1, 2020, at the Boston Convention & Exhibition Center. Yankee, which is New England’s largest dental meeting, is presented by the [Massachusetts Dental Society](#) in cooperation with the dental societies of Connecticut, Maine, New Hampshire, Rhode Island, and Vermont.

More than 26,000 dental health professionals and guests from around the United States are expected to attend this year’s event, which will feature hundreds of continuing education (CE) courses and hands-on courses and workshops presented by leading experts in the dental profession.

MDS President Dr. Janis Moriarty said, “We strive to create an exceptional learning and networking experience for dental professionals, so they are excited to attend the Yankee Dental Congress every winter.”

Educational highlights include courses on:

- Digital dentistry and technological advancements, including lasers, intraoral scanners, and 3D printing
- Understanding autism spectrum disorders and caring for patients with special needs
- Dental sleep medicine and the treatment of sleep disordered breathing
- HPV and implications for dentistry
- Treating geriatric patients
- Nutrition and lifestyle choices for chronic inflammation
- Cannabis culture and dentistry
- Pain management and the opioid crisis

Along with endodontic, pediatric, prosthodontic, oral and maxillofacial surgery, and orthodontic specialty symposia held at Yankee, the [Sixth Annual Interprofessional Symposium](#) will focus on

practice models that blend oral and systemic health. In addition, there will be a special track of [courses designed for new dentists](#) to help them learn from experienced practitioners and network with their peers.

The [Exhibit Hall Floor](#) will showcase a wide range of the latest dental technologies and products from more than [400 exhibitors](#), along with several education pavilions. A new [Pediatric Pavilion](#) will feature the opportunity to dive into diverse pediatric topics, and a new [Product Spotlight Lounge](#) will enable dental professionals to make a highly educated purchase after attending dynamic one-hour sessions.

Yankee also will provide complimentary registration and educational courses to public health dental professionals to help support those who provide vital oral health care to underserved and disadvantaged populations throughout New England.
