

SLEEP APNEA PAVILION

After a successful sold-out debut in 2017, we are thrilled to offer the second annual Sleep Apnea Pavilion at Yankee Dental Congress 2018. We would like to invite you to participate in this program and educate our attendees on sleep apnea.

Today's dentist should know about the rapidly increasing population of patients that are diagnosed with sleep apnea. This condition can cause significant burdens on patients and their spouses, with both medical and emotional side effects. The dental office may be a primary place where patients at risk for sleep apnea can be identified and pointed toward diagnosis and treatment. Dentists can play an important role in the treatment of this difficult problem. The oral appliance is a frequently used and very successful technique for treating sleep apnea.

In order to participate in these classrooms your company must be a contracted Yankee 2018 exhibitor. MDS has final approval of all speakers/topics and can cancel them at any time.

Please indicate which time slot you prefer. A Yankee Representative will contact you to confirm your selection.

\$2,700 per slot

THURSDAY

- 10:00 am - 12:00 pm
- 2:00 pm - 4:00 pm

FRIDAY

- 10:00 am - 12:00 pm
- 2:00 pm - 4:00 pm

SATURDAY

- 10:00 am - 12:00 pm
- 1:00 pm - 3:00 pm
